The Commonwealth Home Support Programme promotes independence through physical and emotional wellbeing, social participation and access to the community. This is the wellness approach and it is key to the changes required of home support providers, workers and volunteers.

Participants will engage in discussions and activities to explore:

- Aging in today's society
- A wellness approach in the delivery of services
- Models of care: Wellness, Active Ageing & Re-ablement
- What are the Commonwealth and Services are trying to change?
- Strategies for workers to use the current approaches
